

RADNOR HIGH SCHOOL

2023 Summer School Information Flyer

Monday, June 26th – Tuesday, August 8th

General Information

Purpose

Radnor High School's Summer School program provides students the opportunity to enrich and accelerate their learning, as well as give students a chance to recover credits in courses they failed during the regular school year.

Location

Radnor High School, 130 King of Prussia Road, Radnor, PA 19087

Dates

Begins Monday, June 26 and ends on Tuesday, August 8, 2023

Instruction: Monday, June 26 – Monday, August 7; Final Exam: Tuesday, August 8

Session times

June 26 through August 8, 2023

Morning sessions will meet on these dates from **7:45 a.m. to 11:45 a.m.** Tutoring is available after class each day and is included in the price of tuition.

Instruction	Tutoring
7:45 AM – 11:45 AM	11:45 AM – 12:15 PM

Eligibility

Radnor High School Summer School classes are open to students **who are rising 9th graders and beyond**. Summer school is not open to students who have graduated. Radnor residents who do not attend Radnor Township School District public schools must show proof of residency when registering to be eligible for resident tuition.

Attendance/Lateness

Students are expected to attend all scheduled classes and arrive on time. Students who miss a session for any reason are considered absent. No credit will be given for a course if a student is absent for **more than two days**. Students who are late to school will have their lateness count towards days absent. If a student exceeds the absence limit, they will be withdrawn and a WD will be placed on their transcript. No refunds will be given to students who are withdrawn due to attendance issues.

Arrival time	5 to 59 min. late	60 to 119 min. late	120 to 179 min. late	180 to 239 min. late
Consequence	¼ day absent	½ day absent	¾ day absent	1 day absent

Registration Information

Registration

In-person registration will be held in the Main Office of Radnor High School from January 19th – June 21st from 8:00 a.m. to 3:00 p.m. No registration will be allowed after 3:00 p.m. on Friday, June 21st.

Payment and fees

All payment is due in full at registration. Payment is by personal check, cashier's check or money order. All checks should be made out to "RTSD" with the student's first and last name in the memo. If your check is returned for insufficient funds, you will be liable for a processing fee in the amount of \$30.00. The tuition cost for a 1.0 credit course is as follows:

	Radnor Residents	Free & Reduced Residents	Non-residents	Refundable
Registration fee	\$50.00	\$50.00	\$50.00	Only refunded if class is cancelled due to low enrollment.
Tuition per class	\$850.00	\$0.00	\$1275.00	Yes, with some exceptions. Refunds must be requested before the close of school on June 19 th , 2023.

Cancellation of courses

Classes that do not have at least 15 enrollees will be cancelled. Students will be notified if a class is cancelled.

Tuition waiver

Residents of the Radnor Township School District who are eligible for free and reduced lunch will pay the \$50 registration fee only. Students must have applied and been accepted to the Free and Reduced Lunch Program prior to May 1, 2022 to be considered eligible. This is not available to non-RTSD residents.

Refunds

Course tuition and registration fees will be refunded if the course is cancelled. Only the tuition will be refunded if the course runs and the refund is requested prior to June 20th. **No refunds will be given after 3:00 PM on June 19th.** Please note it will take up to 4-6 weeks to process refund checks.

Summer School Courses

Advanced Algebra 1 (05040414)

1.0 Credit; Unweighted

The goal of this course is to develop algebraic skills and concepts and to enhance problem solving ability. Topics include: polynomial expressions and equations, quadratic functions, irrational numbers, coordinate graphing, graphing linear and quadratic functions, basic statistics, determining and analyzing the slope of lines, and factoring polynomial expressions. Algebra skills and concepts needed to solve equations, inequalities, and systems of equations/inequalities are developed. Algebraic problem-solving techniques are employed to solve relevant

Advanced Geometry (05040424)

1.0 Credit; Unweighted

This class is a concept-based approach to traditional Geometry designed to reinforce and extend previous algebra skills while integrating new geometric concepts. Students in Geometry derive and use formulas for perimeter, circumference, area, surface area, and volume of many types of figures, use the Pythagorean Theorem, use congruence and similarity in describing relationships between figures, and analyze geometric figures. Some computer lab work may be performed during the year. Throughout the course, algebra skills will be reviewed and reinforced through the application of geometry concepts.

Honors Geometry (05040422)

1.0 Credit; Weighted

This course uses a disciplined approach to traditional Geometry, integrating the concepts and skills previously developed in Algebra 1. Students in Geometry H apply geometric concepts to solve problems, use two-column proofs to establish relationships among triangles and parts of triangles, apply similarity theorems to geometric figures, relate knowledge of parallel and perpendicular lines to solve practical problems, combine algebraic and geometric skills to solve perimeter, area and volume problems, and apply skills involving trigonometry and transformational geometry. Interactive computer software may be integrated throughout the curriculum.

Grade	Numerical Range	Weighted GPA	Unweighted GPA
A+	98.50% to 100%	4.6667	4.3333
A	92.50% to 98.49%	4.3333	4.0000
A-	89.50% to 92.49%	4.0000	3.6667
B+	86.50% to 89.49%	3.667	3.3333
B	82.50% to 86.49%	3.3333	3.0000
B-	79.50% to 82.49%	3.0000	2.6667
C+	76.50% to 79.49%	2.6667	2.3333
C	72.50% to 76.49%	2.3333	2.0000
C-	69.50% to 72.49%	2.0000	1.6667
D+	66.50% to 69.49%	1.6667	1.3333
D	62.50% to 66.49%	1.3333	1.0000
D-	59.50% to 62.49%	1.0000	0.6667
F	0% to 59.49%	0.0000	0.0000

Visitors

No visitors are permitted during summer school.

Student Conduct

Students are expected to adhere to the rules and guidelines outlined in the Radnor High School Student Handbook. A Level 1 infraction that otherwise would have resulted in a detention will result in a warning. A second, and all subsequent Level 1 infractions will be considered an unmodified Level 1 behavior and will be treated as a Level 2 infraction. Provided they are not suspendable offenses, a total of three (3) Level 2 or higher infractions will result in the student being withdrawn from the course.

Any infraction that would result in an Out-of-School Suspension will result in the student being withdrawn from the course. Any student who is **withdrawn after June 26th will have a WD placed on their RHS transcript**. No refunds will be given for students who are withdrawn for disciplinary issues.

Any Level 3 or 4 infractions that would result in a multiple day Out-of-School Suspension may extend into the regular school year and involve police contact.

Transcripts

An official transcript will be mailed after the last day of summer school to the home address listed on the student's registration form. Only one copy of the transcript will be mailed per student.

Summer school courses taken by students who attend Radnor High School will be added to the student's transcript. All summer school courses will appear on the transcript of any rising freshman at Radnor High School toward the 22.5 credits required for graduation. Students may repeat a course they failed during the regular school year. If they do, both courses will appear on the student's transcript.

Transportation and parking

Busing is not available for summer school. Students and parents must provide their own transportation. Students may park in any of the numbered spots on campus. Students should not park in the "visitor" or "transportation" spots. By registering, all students and parents are noting they agree to the rules set forth in the Student Parking Guidelines found in the student handbook on our website at:

<https://rhs.rtsd.org/student-life/student-handbook>.

There will be no fee and no hangtag for student summer school parking.

Withdraw

A student may withdraw from summer school within the first three (3) days with no record on the student's transcript. If a student withdraws any time after the first 3 days the student will receive a WD on their transcript.

RHS Acceleration/Remediation

Summer school courses can be taken for remedial or original credit. Radnor students who enroll in summer courses for acceleration or remediation purposes will keep their course requests for the fall semester. During the first week of the 2023-2024 school year, school counselors will meet with students who successfully completed summer school courses to adjust their schedules accordingly.

Grades

Each summer school course has a midterm and final exam that each count 10%, and together are worth 20% of the final grade. The other 80% of the grade is based on total points earned from homework, quizzes, tests and other projects. Since each day of summer school accounts for more than a week of instruction during the regular school year, it is imperative that students spend time studying after they leave each day. Teachers are available each day after class to assist students who may need extra help.
